The Kindest

# Floating Forest

You are on your journey to The Kindest **Floating Forest**, an enchanted place where you will find the answers that you seek.

On the ferryboat, ask a question to The Floating Forest **Oracle**, and pick two magic **Symbols** from its trunk.

Once you have reached the forest, use the **Guide** to find the meaning of your symbols and then **Pair** up with another person.

While on the **Tree** island - one at a time - become an oracle for each other, helping to **Interpret** your symbols.

Before your journey back, choose one of your symbols to **Take** with you, one to **Leave** behind and make a **Wish** for your future.

Use a **Ribbon** to wear the symbol you have chosen to keep, and to **Thank** the oracle, hang the other symbol on the tree.
